

Eleonora Guidi

UX Engineer & Designer

EXPERIENCE

Front End/UX Engineer

Microsoft

Nov 2020 - Present - Norway

- Designed and prototyped new solutions using React and Figma
- Iterated on UX through continuous feedback and testing
- Collaborated closely with Designers, Product Managers, and User Researchers
- Led ideation sessions and contributed to design reviews
- Mentored early-career employees and interns

Product Designer Intern

Microsoft

Oct 2024 - Dec 2024 - Norway

- Conducted end-to-end product design process: research, ideation, low- and high-fidelity prototyping
- Facilitated handoff to engineering using Figma
- Received strong feedback for design maturity and collaboration with senior designers and stakeholders

Front End Developer

Antreem

Aug 2017 - Nov 2020 - Italy

- Started as a mobile developer focusing on fintech products for international clients
- Progressively moved into front-end development using Angular and React
- Developed a growing interest in UX and began transitioning into a UX design-focused role

EDUCATION

Bachelor's in Computer Science and Engineering

University of Bologna

Graduated in 2016

- Thesis: Using Mixed Reality for E-learning Applications
- Gained comprehensive understanding of systems from BE to UX
- Introduced to key design principles through "The Design of Everyday Things" by Don Norman
